You need more than a drug claiming symptom relief to deal with the miserable effects of allergies. You want more than a good night's rest in the middle of the work day. You want healthy relief.

Don't merely mask symptoms. Go after the root of the cause with Allergy Season Plus® nutritional formulas for all allergy seasons and conditions. People who use the Allergy Season Plus® formulas rave about how well they work. Try them and rave a little yourself!

ALLERGIES?

"I have great sympathy for everyone with allergies. After suffering from them for most of my life, (and this includes allergies to molds, fruits, vegetables as well as every pollen imaginable) I have finally come across the solution I am excited to tell the world about. Allergy Season Plus has done more for me in the last 3 months than many years of allergy shots, and my entire cobweb covered collection of allergy medications combined. I haven't felt this good or enjoyed the outdoors and springtime like this in as long as I can remember. I'd forgotten what fresh grasses and flowers smelled like! I highly recommend the Allergy Season Plus formulas to everyone with allergies. They have helped me greatly."

- Stephanie McFarland

Reclaim your enjoyment of the great outdoors, and even furry pets indoors. There is no reason to needlessly suffer. All new and all natural, Allergy Season Plus® Intra-Oral spray provides your body with proper nutrients, antioxidants, and herbal decongestants needed to boost your natural immunity during all seasons and conditions of allergic response.

ALLERGY SEASON PLUS® NASAL

This formula goes right to the source, decongesting and clearing your sinuses. It also addresses the nutritional deficiencies and toxicity levels that can cause allergic reactions. A perfect companion to Allergy Season Plus® Intra-Oral spray, ASP® Nasal gives you additional and powerful support.

EYE NOURISH® EYE DROPS

Itchy, sticky, watery, red and puffy eyes... Sound familiar?

Soothing and all natural, Eye Nourish® Eye Drops provide brilliant allergy season relief as well as focused nutrients directed towards improving the overall health of the eyes.

A VERY COMMON AILMENT

According to the American Academy of Allergy and Immunology, one out of every six Americans suffers from an allergic condition. More than 50 million Americans suffer from allergic diseases, making allergy one of the most common medical ailments. A recent nationwide survey found that more than half (54.6%) of all U.S. citizens test positive to one or more allergens, making allergies the 6th leading cause of chronic disease in the United States and costing the health care system \$18 billion annually.

WHAT IS AN ALLERGY?

An allergy is the body's abnormal response or increased sensitivity to a normally harmless substance, such as pollen, molds, certain foods, a bee sting, dust mites, animal dander, or even latex. These "allergens" cause your immune system to react as if the substance is harmful to your body, triggering common allergic responses such as sneezing, a runny or stuffy nose, watery eyes, itching, or swelling.

SUGGESTED USE

- **Allergy Season Plus® Intra-Oral:** Take 4 sprays, 3 times daily.
- **Allergy Season Plus® Nasal:** Take one spray in each nostril morning and night. Inhale while spraying.
- **Eye Nourish® Eye Drops:** Use 1-2 drops in each eye morning and night. Eye Drops may be used as often as desired during periods of increased stress.
